**INFORMATION FOR UNSUCCESSFUL APPLICANTS
JULY 2014 GENERAL BAR EXAMINATION AND ATTORNEYS' EXAMINATION**

GRADE INFORMATION

The General Bar Examination consists of two sections: the written section including six essay questions and two Performance Tests (PTs), and the 200-item Multistate Bar Examination (MBE). If you took the General Bar Examination, your result letter includes your raw scores on the eight parts of the written test, your total raw and scaled written scores, your MBE scaled score, and your total scaled score.

The Attorneys' Examination consists of the six essay questions and two PTs from the General Bar Examination. If you took the Attorneys' Examination, your result letter includes your raw scores on the eight parts of the written test, your total raw and scaled written scores, and your total scaled score.

To pass the examination an applicant must have a total scaled score of at least 1440 points out of a possible 2000 points.

Scaling Information

The Committee of Bar Examiners (Committee) utilizes a grading procedure designed to ensure the difficulty of passing the examination remains unchanged from one administration of the examination to another. The statistical technique, called scaling, converts scores on the written portion (essay questions and PTs) to the same scale of measurement as the MBE. MBE raw scores are converted to scale scores to adjust the results for possible differences in average question difficulty across different administrations of the examination. As a result of this step, a given MBE scale score indicates the same level of proficiency regardless of the administration of the examination on which it was earned. Converting the total written raw scores to the same scale of measurement as the MBE adjusts for possible differences in average question difficulty and Grader performance across different administrations of the examination.

The item-response theory (IRT) equating method is the statistical methodology used to equate new forms of the MBE to previous forms of this examination. Additional information regarding the equating of the MBE can be found on the National Conference of Bar Examiners' (NCBE) website at www.ncbex.org.

On the written section of the examination, applicants are graded initially on a basis of 1000 possible points. An applicant can earn up to 100 raw points on each of the six essay questions and up to 200 raw points on each PT. The scores obtained on the written section of the examination are then translated to the 2000-point MBE scale. An applicant's total score is the scale MBE score (on the 2000-point scale) multiplied by .35 plus the converted score on the written section multiplied by .65. Scaling ensures the two portions of the examination carry the relative weights assigned to them: written (65%) and MBE (35%).

Attorney applicants who took the Attorneys' Examination also have their scores on the written section placed on the same scale of measurement as general applicants, but, as they are exempt from the MBE, their pass/fail status is based solely on the written section.

Phased Grading

All written answers submitted by applicants are read at least once before pass/fail decisions are made, including the answers of applicants who do not complete the examination in its entirety. Based on the results of studies relative to reliability, scores have been established for passing and failing after one reading of the examination. For those applicants whose scores after the first read (Phase I) are near the required passing score, all answer books are read a second time, and the scores of the first and second readings are averaged. The total averaged score after two readings is then used to make a second set of pass/fail decisions, providing there are no grading discrepancies of more than 10 raw points between first and second read grades on any question (Phase II). Any answers with grading discrepancies more than 10 raw points between first and second read grades are read a third time before making the third set of pass/fail decisions (Phase III).

To pass the examination in the first phase of grading, an applicant must have a total scaled score (after one reading) of at least 1440 points out of 2000 possible points. Those with total scaled scores after one reading below 1390 fail the examination. If the applicant's total scaled score is at least 1390 but less than 1440 after one reading, all of the applicant's answers are read a second time by a different set of graders. If the applicant's averaged total scaled score after two readings is 1440 or higher, the applicant passes the examination. Applicants with no grading discrepancies of more than 10 raw points between first and second read grades on any question with averaged total scaled scores of less than 1440, fail the examination. Applicants with grading discrepancies more than 10 raw points between first and second read grades on any answer, whose averaged total scaled score is less than 1440 will have those answers referred to the supervising member of the grading team for that particular question for resolution of the discrepancy. The supervising member will assign a resolution grade to the answer and the resolution grade will replace the averaged grade for that question. If the applicant's total scaled score after resolution grading is 1440 points or higher, that applicant passes the examination. If the applicant's total scaled score after resolution grading is less than 1440 points, the applicant fails the examination.

To confirm your written scaled score:

Double each raw PT grade and add the resulting value to the sum of your six raw essay grades. The total is your raw written score. Insert this value into the following formula:

Written scaled score = (Raw written score x 3.1098) - 469.4400

If you took the Attorneys' Examination, your total scaled score is equal to your written scaled score.

To confirm your total scaled score if you took the General Bar Examination:

Multiply your MBE scaled by .35. Multiply your written scaled score by .65. The sum of these two products is your total scaled score on the examination.

RECONSIDERATION

The Committee believes that its grading and administrative systems afford each applicant a full and fair opportunity to take the examination, and a fair and careful consideration of all his or her examination answers on the bar examination and that no useful purpose would be served by further consideration by the Committee. For this reason, the Committee will consider requests for reconsideration only when an applicant establishes with documented evidence that one of the following resulted in failure or prevented the examination from being properly graded:

1. An arithmetical error in the calculation of the total written score from the final grades assigned to the written questions or in the calculation of the total MBE score; or
2. A clerical error.

The Committee will **not** extend reconsideration based on challenges to its grading system or the judgments of its professional graders. Responses to requests for reconsideration submitted by or on behalf of an unsuccessful applicant will only be provided to written requests that meet the criteria noted above. Requests not meeting those criteria may be summarily denied on that basis, without further explanation.

EXAMINATION ANSWERS

Applicants who are unsuccessful on the California Bar Examination will have their essay and Performance Test answers mailed to the address on file with the Office of Admissions approximately four weeks following the release of results. Copies of examination answer materials are not available.

The MBE portion of the California Bar Examination is a secure examination owned by the NCBE. The NCBE does not permit the review of MBE questions, answers or the answer sheets completed by applicants.
